

SERVICE MANAGER

Peterborough

circa £35,000

Oakdale provides managed primary care psychological therapies services to a number of Primary Care Trusts in the UK. A vacancy currently exists for a Service Manager in Oakdale's counselling service in Peterborough. The service is commissioned by Peterborough PCT and is part of a Stepped Care approach to provide increased access to psychological therapies for the population of Peterborough.

The Role

- Achieve the clinical, service and user experience quality standards required
- Lead and manage a team of counsellors, psychotherapists and administrators
- Managerial responsibility encompassing service and workforce development
- Develop and improve the delivery model
- Promote continuous improvement for the service
- Work with Peterborough PCT and the local mental health Trust to provide an integrated high quality service
- Carry your own small clinical caseload
- Reporting to the Managing Director

The Candidate

- Experience in managing a clinical team dealing with mental health issues
- Able to capture, present and interpret measures which reflect the performance of the service
- Outcomes oriented leader, capable of motivating the team
- Experience of customer focussed working
- Well developed knowledge of psychological therapies
- Capable of working strategically, planning and prioritising the deployment of resources
- Accredited / Registered counsellor, psychotherapist or psychologist
